

TO DESERT BRITAIN FOR AMERICA

Sir Edgar Speyer, multi-millionaire, banker and investor, and his wife, have expatriated themselves from England, according to report, to live in America. Sir Edgar and Lady Speyer are now in the United States, and there is little likelihood of their returning to Great Britain. In 1915, owing to the clamor raised against him as a native born German, he resigned as privy counselor and asked to have the baronetcy conferred on him revoked.

President Seeks to Eclipse Bryan

Continued from Page One
These things, the situation has all kinds of possibilities. In the absence of a declaration from the President the Democrats can do what they have already done in South Dakota. They can give him the delegates to use if he goes as an issue, and the South Dakota precedent might be followed in Nebraska and Mr. Wilson might be run against Mr. Bryan. No one foresees this development. President Wilson's remaining a possibility and using his position to shape the issue of the next campaign will probably be enough to prevent a formidable Bryan movement.

TWELVE SPEAKERS FOR JACKSON DAY

Washington, Jan. 6.—(By A. P.)—Twelve of the leading figures of the Democratic party, including most of those prominently mentioned for the presidential nomination, are on the list of speakers made public today for the Jackson Day dinner to be held here Thursday night.

A message from President Wilson will be read first at the banquet and speeches will be made by the following: William Jennings Bryan, Secretary Daniels, Attorney General Palmer, Governor Cox, of Ohio; James W. Gerard, former ambassador to Germany; Champ Clark, House; Governor Connally, of West Virginia; Senators Hitchcock, of Nebraska; Pomeroy, of Ohio; Underwood, of Alabama and Owen, of Oklahoma; and Mrs. Peor Olson, associate member of the national committee from Minnesota.

Of the six cities asking for the Democratic convention Kansas City was the first to begin active work among the committee, a group of boosters opening headquarters today at St. Louis.

The punishment should be made to fit the crime," Mr. Graham said, and he expressed the belief that the death penalty for treason would not be eliminated from the measures upon the floor of the House.

The bill has the approval of the majority of the House judiciary committee as meeting the needs of the present situation, and Mr. Graham will send a copy of it to Attorney General Palmer at once.

LANSING MAY NOT GREET CHURCHMEN

Feared State Business Will Enforce Absence of Conference Chairman

NOT SEEKING "DRY" WORLD

Atlantic city, Jan. 6.—Uncertainty as to international developments, it was said today, may make it impossible for Secretary Lansing, who is, like President Wilson, a Presbyterian elder, to get here to preside over the first post-bellum conference of the Interchurch World Movement, which he is chairman. In the event of Secretary Lansing's absence, John R. Mott, general secretary of the Young Men's Christian Association and chairman of the executive committee of the interchurch movement, probably will preside.

Developments in the railroad situation in Kansas probably will keep at home Governor Allen.

Today was given over to preliminary denominational meetings of delegates to formulate reports for the convention proper, which opens formally tomorrow. Conditions in every state in the Union were reviewed in a session of field workers and county supervisors.

The Presbyterian New Era Movement's heads met this afternoon at Haddon Hall. Religious editors will endeavor to perfect an organization to spread propaganda for a united church throughout the nation.

Nearly every one of the score of denominations represented at the general conference has its own local headquarters. The prospects are that at least 1000 of the biggest business men in the Christian world will take part in the deliberations.

Interdenominational leaders today issued an emphatic denial of reports which endeavor to trace a connection between the interchurch movement and world-wide prohibition.

Ultimately the American church may embark upon such a campaign, but at this time there is no understanding of the funds raised or to be raised for home or foreign missions. It is applied through this organization to raising the prohibition issue," said the statement.

Many captains of industry and bankers in attendance today upon a meeting of the administrative committee of the general board of promotion of the Northern Baptist convention to draw up plans for the Baptists' five-year program. This program calls for the raising of \$100,000,000 for vigorous application of Christianity to the problems confronting the world.

Rev. W. H. Main, of Philadelphia, was among the conferees. He said the Baptists' plans provided for aggressive Americanization work. The subject of salaries is to receive attention. Dire distress is said to exist among many workers in foreign fields.

The evangelism committee of 100 started a drive January 1 for 1,000,000 new communicants by June 1. Nearly 60 per cent of the population in the United States is unchurched. Bishop Hughes told the church leaders in a short speech.

A great emergency confronts the Methodist Episcopal Church today that has written failure across its path, unless its members rise to meet the crisis. Bishop Hughes continued in calling to the attention of the committee of the falling off of 25,000 from the membership of the church in 1919.

WAR VETERAN ARRESTED
Charged With Robbing Roomers in Camden Boarding House

Paul Jones, twenty-eight years old, a wounded veteran of the late war, was held in \$500 bail for court by Recorder Stackhouse in Camden this morning on a charge of robbing personal property from several lodgers in the boarding house at 315 North Front street, Camden, where he lived.

Mrs. Taft, who is the daughter of former Governor Draper, of Massachusetts, charged her husband with desertion. Mrs. Taft was not questioned by the court further than the judge to elicit the information that she did not believe it would be possible to effect a reconciliation. The Tafts were married in Boston February 10, 1917.

A Tart "Bit" for Tart
An indeterminate sentence of two to fifteen years in the state penitentiary was given Harry Tart, twenty-one years old, a negro, by Judge Kates in the Camden County Criminal Court today. The defendant was accused of holding up and robbing Ethelbert Stone, of 641 Central avenue, Camden, on October 27 of last year.

Tabloid Platform for G. O. P. Planned

Chicago, Jan. 6.—Republican National Chairman Hays, at the banquet following a conference of Republican women from fourteen states, responding to a suggestion of one of the speakers, that the Republican platform should be written so concisely "that it could be printed on a card and carried in the hat," listed the following four suggestions as a platform aim:

First. Success of the party campaign.

Second. Reduction of taxes and the repeal of those "that crush initiative."

Third. Development of a better relation between capital and labor.

Fourth. Make certain in the nation an administration of law and order.

"WET" LINERS FOR HAVANA

Bar Being Installed on First Ship of New Fleet

Quincy, Mass., Jan. 6.—(By A. P.)—The installation of a bar, with the regulation brass and mahogany fittings, on the steamship City of Miami, formerly the South Haven, now being refitted here, disclosed today plans of New York and Havana developed in connection with a new fleet of fast steamships between southern points and Havana. Work on the steamship is being pushed night and day in order that the vessel may be plying over its new route before the end of the month.

Before its purchase by the Navy Department for great service the South Haven was one of the crack steamers on the Great Lakes, where she was known as "the White Flor." Another ship purchased by the navy interests is expected here soon. It is understood that \$300,000 will be spent on each vessel.

NEW ANGLE IN MYSTERY

Another Person Believed Involved in Brown Murder at Mt. Clemens

Mt. Clemens, Mich., Jan. 6.—(By A. P.)—Another new angle to the mystery was said to have developed today in the investigation of the death of J. Stanley Brown, wealthy young resident who was shot to death on a country road here two weeks ago.

As the authorities were about to issue a warrant for a man whose whereabouts on the night of Brown's death they have been tracing, evidence today incriminating a second person, it was understood, was unearthed by the secret inquiry. There were reports that the second person was a woman, but officers were noncommittal. Likewise they declined to make known the developments of the inquiry which is in charge of State Attorney General Grosbeck.

WOMEN TO SHARE IN G. O. P. COUNCILS

Republican Feminine Leaders Believe Hays Has Promised Representation Request

MOLDING ISSUES IN CHICAGO

By the Associated Press
Chicago, Jan. 6.—Republicans from fourteen middle western states today continued their work of molding party issues and laying plans for the participation of Republican women in the 1920 presidential campaign.

Demands of Republican women for equal representation on the national committee of the party and a sentiment, reflected in speeches of party leaders, to deal vigorously with the labor and industrial situation as one of the chief issues of the election campaign, were the principal developments of the conference which began yesterday.

Many of the women today regarded their demands for "a fair representation" in the party organization as virtually confirmed with the statement of Will H. Hays, chairman of the national committee, that "the Republican party offers the women everything we offer the men."

Plans for the national convention next June were launched and arrangements for the filing up of the Coliseum, with alterations allowing a seating capacity of 13,187 were made.

Edward P. Thayer, of Indianapolis, was elected sergeant-at-arms, for the gathering.

Resolutions adopted by the Republican women urged the national convention to take action to double membership of the national committee, giving each state representation by one man and one woman. The resolution urged also that the policy be extended to all party committees, both state and local.

"Direct citizenship for women, not citizenship through marriage and laws, making possible the naturalization of married women, was one of the ten planks recommended for the Republican platform.

Condition of child labor, compulsory education for children, laws governing the employment of women, including the eight-hour day and providing equal opportunity for women in civil service and trade and technical education were other planks endorsed by the women.

"DRYS" EXULT IN VICTORY

Only Hope of "Wets" is Constitutionality of Amendment
Washington, Jan. 6.—(By A. P.)—Characterizing the action of the Supreme Court as a "sweeping victory," Wayne B. Wheeler, general counsel for the Anti-Saloon League of America, declared in a statement last night that the only question left open on which the liquor interests could make a fight was whether the eighteenth amendment to the constitution was legally adopted. Anti-saloon forces, he said, had no fear of a successful attack in that direction.

The decision sustained, Mr. Wheeler said, the constitutionality of provision defining "intoxicating" liquor to mean any beverage which contains one-half of 1 per cent or more of alcohol. It also sustained, he added, the power of Congress to prohibit such liquor and have the law take effect at once without violating the constitution.
